PROFESSIONAL SUMMARY

Operations Analyst with over 5.5 years of experience across operations, business analysis, and sales. Works in SQL, Excel, and Salesforce to audit invoices and purchase orders, track KPIs and SLAs, and fix the process errors that cause rejections and delays.

SKILLS

- Data & Business Intelligence:** SQL, SQL Server, Tableau, Advanced Excel (Pivot Tables, VLOOKUP, Financial/Forecasting Models), CRM Systems (Salesforce.com, LeadSquared).
- Core Analytics & Operations:** KPI & SLA Tracking, Invoicing Verification, Purchase Order Auditing, Compliance Tracking, P90 Turnaround Time Tracking, Process Mapping, Technical Requirements Documentation, Workflow Standardization.

WORK EXPERIENCE

Radiance | Operations Analyst

Nov 2023 – Aug 2024

- Processed a daily queue of **150+** merchant **invoicing** requests and **purchase** orders for an e-commerce client's merchant platform, auditing each against campaign terms within a **24-hour SLA** turnaround target.
- Supported internal account managers and external merchants in monitoring queue velocity **KPIs** and resolving critical **SLA** billing breaches.
- Acted as the team's subject matter expert on client promotional rules, mentoring junior analysts via standardized processing guides.
- Diagnosed the root cause of onboarding delays by writing **SQL** queries to track **P90** turnaround time by merchant category, discovering a **14-day** approval bottleneck for large accounts that violated the company's agreed **7-day SLA** target.
- Partnered with software engineering teams to resolve platform freezing errors during large merchant data uploads by authoring a technical requirements document detailing the file size limits that triggered system crashes.
- Isolated a **35%** invoice rejection rate across **5,000+** monthly records using **Excel Pivot Tables**, lowering rejections for those specific corporate accounts to **under 1%** over a **6-month** period via **VLOOKUP** matching and designing custom **Salesforce** validation parameters with developers.

PropSquare Lifespaces | Business Analyst

Mar 2022 – Nov 2023

- Unblocked **\$300K+** in stalled corporate facility service contract billing by building automated **Excel** calculators that generated contract pricing quotes systematically, replacing manual drafting steps and eliminating pricing typos.
- Cut contract completion turnaround time from **18 days** to **under 48 hours** by standardizing and documenting the vendor onboarding validation steps into a repeatable workflow for the sales team.
- Acted as the go-to process expert to mentor a team of **20** sales representatives, running daily data-review check-ins and using interactive **Tableau KPI** dashboards to identify exactly where specific deals were stalling in the pipeline.

Think and Learn (Byju's) | Senior Business Development Associate

Mar 2021 – Mar 2022

- Managed a **\$202K** educational program revenue portfolio across **100+** accounts, tracking daily pipeline metrics in LeadSquared CRM to maintain over **89%** forecasting accuracy.
- Raised deal closure rates from **12%** to **19%** by analyzing historical win rates and conversion metrics across **50+** accounts to tighten lead qualification standards.

Think and Learn (Byju's) | Business Development Associate

Mar 2020 – Mar 2021

- Qualified and nurtured an active pipeline of prospective consumer accounts, executing daily outreach volume targets and ensuring accurate lead tracking.

EdzeQ Technologies | Inside Sales Associate

Dec 2018 – Mar 2020

- Generated **\$48K+** in revenue by analyzing competitor course portfolios across **8** regional markets and leveraging the data insights to reposition consumer sales presentations.

CERTIFICATIONS

Certified Six Sigma White Belt | The Council for Six Sigma Certification (CSSC) | License Number: FLfOWslHQT

Oct 2026

PROJECTS

F1 Cost-Cap Compliance Analytics | SQL Server, Tableau

MS Capstone, Lewis University

- Built **Tableau** dashboards on a **SQL** Server star schema to analyze constructor revenue trends against the budget cap across **11** seasons, using custom **SQL** scripts to validate **1,165** data rows.

AegisIQ Data Warehouse Design | Star Schema Modeling

Graduate Coursework, Lewis University

- Designed a dimensional data warehouse blueprint for a **150-staff** organization across four physical operational sites, authoring target layout data requirements.

EDUCATION

Lewis University

Aug 2024 – May 2026

Master of Science, Business Analytics | GPA: 3.83 / 4.0

Jawaharlal Nehru Technological University (JNTU)

Graduated: Dec 2018

Bachelor of Technology (B.Tech), Computer Science and Engineering
